WASHINGTON, May 25—The Supreme Court today rejected a bid by the American Electric Power Co. Inc. to be exempted from federal income taxes on its earnings from the sale of electricity.

# Ceasefire raises hopes for displaced people

By PHILIP HARRIS  
Special to the Washington Post

PALESTINE, March 18 (UPI)—A ceasefire in the West Bank and Gaza Strip has raised hopes for displaced people and for a return to normalcy.

The ceasefire, which took effect at midnight local time, was announced by the Israeli Defense Forces (IDF) and the Palestinian Authority (PA).

The IDF said it was a "preliminary" ceasefire, and that it was subject to change. The PA said it was a "final" ceasefire, and that it was not subject to change.

The ceasefire was announced after a series of negotiations between the IDF and the PA. The negotiations were led by the Israeli Prime Minister, Yitzhak Rabin, and the Palestinian Authority Chairman, Yasser Arafat.

# Raising 'sin' taxes may not work, says solon

By Leo L. Soriano

MANILA, May 19 (AP) — A bill to raise taxes on alcohol and tobacco, which the Senate passed last week, may not be the best way to raise revenue, a top lawmaker said.

Sen. Juan Ponce Enrile said the bill, which would increase taxes on alcohol and tobacco, is a "sin tax" and that raising such taxes is not the best way to raise revenue.

Enrile said that the government should focus on other ways to raise revenue, such as increasing taxes on real estate and luxury goods.

# Taiwan, RP hammer out deal to eliminate double taxation

By Dave L. Wardle

MANILA, Philippines (AP) — The Philippines and Taiwan have agreed to a landmark deal to eliminate double taxation on income earned by citizens of both countries, a move that could attract more investment to the Philippines.

The agreement, which was signed in Manila last week, is the first of its kind between the two countries. It will apply to income earned by citizens of both countries from January 1, 2000.

The deal is expected to attract more investment to the Philippines, as it will make it easier for Taiwanese companies to do business in the country.

The agreement also will help to reduce the tax burden on citizens of both countries, as it will eliminate the need to pay taxes on the same income in both countries.

The deal is a significant step towards improving the Philippines' investment climate, and is expected to lead to more economic growth in the country.

The agreement is a landmark achievement for the Philippines, as it marks the first time that the country has been able to negotiate such a deal with a major foreign investor.
